

Impending Dangers

1. Downgrading of Pay Scales

- **25-02-1999** to be treated as an Upgradation (one MACP to be withdrawn). Orders are likely to be issued very soon.

2. Political Campaign.

- Against the closure of LPTs & Terrestrial Transmission.

While for the former, we may have to knock the doors of Courts and hire best lawyers, for the latter we have to meet the leaders of various political parties, print booklets highlighting issues arising out of it.

For both of the above, we need substantial financial assistance.

We request members to donate liberally, with a minimum of Rs.1000/-, so as to enable us to fight to save ourselves from the above dangers.
